### High School to Start Thursday; New Teachers

**Principal Henson Outlines Information Students Will Need**

The Harrisburg Township High School 1955-56 school term will get under way Thursday, according to an announcement made by Principal Eltis Henson today. A general faculty meeting will be held Wednesday at 2 p. m.

Students will assemble in Bonnell gymnasium at 8:30 for preliminary announcements and instructions, following which they will report to home rooms where locker assignments will be made, class assignment sheets will be given out, and fees will be collected.

Fees to be collected by the home room teachers include 35 cents for library programs, 20 cents for dictionary rent, and 25 cents for locker rent. Most freshmen and sophomore students will be issued detachable locks for which deposit of one dollar will be collected. This deposit will be refunded when the locks are turned in at the close of the year.

**Student Insurance**  
The lycium fee provides for several professional programs to be given during assembly during the year. These programs are selected by the Student Council and most of the dates as well as programs have been established.

**Student Accident Insurance**  
which provides complete accident coverage up to a maximum of \$2,500, will be available for \$1.25 per student. Insurance collections will be made by physical education teachers. In addition, all athletes will be covered by insurance through the athletic department. All incoming freshmen are reminded that they will be expected to present a physical examination form filled out by their personal physician. Forms for this purpose have been distributed to local doctors, and students should have these ready for their physical education instructors when they are called for. Students who have had an examination within a year, or whose parents object to the examination being given should bring a written statement to that effect. The examinations are required by public health law.

**Busses First Day**  
Commencing the first day of school, busses will operate over practically the same routes as last year. However, changes may be necessary to alleviate overcrowded busses.

Due to a substantial decrease in state reimbursement to the cafeteria funds, the price of noon lunches will be increased to 30 cents without dessert. Meals will not be served Thursday as school will be dismissed, but beginning Friday, September 2, meals will be served each day.

As in the past, practically all textbooks are now on a rental basis, and may be obtained the first class meeting at reasonable prices. While there is some variation, book rent will be approximately one-third the cost of a one year book, and one-fourth the cost of a one semester text. The average rent on one year books will be about 85 cents each and one cent semester books about 60 cents each. Students who desire to purchase books may do so from either the school book store or

### Mrs. Rennie Ann Wiedemann Dies; Grave Rites Here

Mrs. Rennie Ann Wiedemann, 83, former resident of Harrisburg and widow of W. L. A. Wiedemann, died Sunday morning in Harvey, Ill. She had been in ill health for several years.

Mrs. Wiedemann is survived by the following children: Mrs. Ruth Lambert, Mrs. Sarah Dickerson, Mrs. Jane Shafer, all of Harvey; Fred Wiedemann, LaGrange, and Paul Wiedemann of Seattle, Wash.; several grandchildren and great grandchildren. She was the sister of Mrs. Homer Collier of Harrisburg.

Her sister, Mrs. Nelie Gregg, and a brother, B. D. Grace, preceded her in death.

A graveside service will be held Wednesday at 1:30 p. m. at Sunset Hill cemetery. Rev. W. L. Cummins will conduct the service. The body will be taken directly to the cemetery by the Kerr funeral service in Harvey.

### Dr. Martin Killed; Formerly Resided At Carrier Mills

Word has been received of the accidental death of Dr. W. W. Martin, 80, retired physician and a former resident of the Carrier Mills community who for the past two years had lived in Sturgis, Ky.

Dr. Martin died last night at 9 o'clock after being struck at 6:30 p. m. by a passing auto while standing on a bridge on Route 60 on the outskirts of Sturgis. He and his wife, Nellie Ann, had gone for a drive and Mr. Martin had got out of the car and was gazing into the water from the bridge when the accident occurred.

Tentative plans are for funeral services to be held sometime Wednesday at the Tabernacle Baptist church in Sturgis. Burial will be in the Pythian Ridge cemetery at Sturgis.

Besides his wife, Nellie Ann, he leaves two sons: Shelby Martin, Sturgis, Ky., and Rodger Dean Martin of Neenah, Wis.

### City Schools to Open Thursday

**Schedule for Book Rentals Announced; Bankston Pupils Here**

The Harrisburg city schools will open Thursday at 8:30 a. m. As soon as the pupils are registered in the kindergarten and the first six grades, supplies and textbooks issued, and records checked, school will be dismissed for the afternoon in order to let the principals and teachers perfect the organization.

School will be in session all day Friday. Textbook rentals have been set at the following: first grade, \$4.50; second, \$3.95; third, \$4.85; fourth, \$6.15; fifth, \$6.70; sixth, \$6.85; seventh, \$7.40; and eighth, \$7.40.

Bankston school will not operate this year, but the pupils will be sent by bus to buildings within the city.

Because fire destroyed part of the Junior high school building last January 1, some of the seventh and eighth grade classes will have to be conducted at the Horace Mann, Logan and McKinley buildings.

At the Junior High school, eighth grade students are asked to report at 8:30 to register during the morning, and the seventh grade at 1:00 to register during the afternoon. Average students will select two of the following electives: art, vocal music, sociology, Latin American social studies, public speaking, orthography, athletics (boys only), band, advanced mathematics, and foreign language, which will include 12 weeks each for Latin, Spanish and French.

The Junior High school cafeteria will be in operation on Friday with meals 30 cents daily or \$1.40 by the week.

Students attending the Harrisburg schools for the first time are asked to bring last year's report card and their birth certificate.

### Nixes Plan for United Drive

R. C. Adams, spokesman for a group of Harrisburg people opposed to the proposed Community Chest, stated his objections to the proposition at Monday night's meeting of the Harrisburg Lions club.

The formation of a Community Chest in Harrisburg to take care of all finance drives at one time is being discussed, Adams said, however, the plan is opposed by many that have taken an interest in fund raising campaigns, especially the "major" campaigns such as March of Dimes, Cancer, Heart and others.

They feel, he said, that these major campaigns will receive much less money each under a community chest drive than they have in the past with each conducting a separate fund drive.

It is the opinion of those opposed to the community chest, Adams continued, that many people can and will give more if given an opportunity to spread their contributions over several campaigns, as they could not afford to make a large contribution at one time.

Last night's Lions meeting was a Ladies Night and next Monday, Labor Day, the Lions will meet at the fairground, where the club will operate a food stand during the day-long annual Labor Day celebration.

### Getting Their Teeth into Bridgework

FOUR BRIDGES ON ROUTE 45 BETWEEN CARRIER MILLS AND STONEFORT are being widened with the work being done by the Tri-State Engineering Company of Benton. J. Webb Jones of Benton, partner with O. M. Andres of Belleville in the engineering firm, is superintendent on the job and described the work on the two small bridges just south of the Carrier Mills reservoir as 98 per cent complete. Work of widening these two bridges has been accomplished without interfering with traffic in any way. It has been necessary to construct "detour" roads at the two large bridges, crossing South Fork and Grassy Creek, where a part of the present substructure of the larger bridges will be used, along with all new "I" beam super-structure and concrete flooring. The old floors were broken out by using 1 1/2 ton "headache" balls on a large crane. Work was started in June and unless there are unexpected delays the bridges will be open to traffic by Nov. 30, Mr. Jones stated today.

There are twenty-three men employed on the work, along with two large cranes and numerous other pieces of smaller equipment. The overhead steel from the old bridges will be taken down and has been sold to Madison county to use on secondary county roads. The bridges were erected 30 to 35 years ago, it is said. The cost of construction is \$212,375.80, plus \$46,000 for structural steel, purchased from the Illinois Steel Bridge Co., Jacksonville. The bridges are being widened to 28 foot roadways. They were only 20 foot roadways when originally constructed. Top photo shows a part of the debris after the bridge floor crossing Grassy Creek had been smashed. The "detour" road can be seen in background. This bridge work is more advanced and will be ready for steel structure within the next ten days. Bottom photo shows bridge across South Fork, where approximately thirty more days work is to be done before ready for the steel work.

## Announce Program for Labor Day Event at Local Fairgrounds

**Entertainment to Continue from 9 a. m. into Afternoon and Evening; Prizes for Contests**

The program for the Labor Day celebration to be held at the fairgrounds here next Monday has been announced and the events include races, music, speeches and magic.

There will be entertainment during the morning starting at 9 a. m., which will continue through the afternoon and evening.

The morning program will start with an address of welcome by Mayor Claud Gibbons of Harrisburg. There will be a boy's bicycle race and a girl's bicycle race with prizes of eight dollars for first, five dollars for second and two dollars for third in each event.

Next there will be a running race for boys from 10 to 12 and one for boys from 12 to 16, with cash prizes of \$3 for first, \$2 for second and \$1 for third in both races.

From 10 a. m. until noon Lucky LeRoy will act as master of ceremonies with Hank Wright and His Tumble Weeds furnishing music. There will be variety acts on the program.

Louis Karlovic, president of the Progressive Mine Workers of America, will speak from 1 to 1:30 p. m. and State Senator Glen O. Jones will deliver an address from 1:30 to 2 p. m.

From 2 to 4 p. m. with Lucky LeRoy the master of ceremonies, there will be music by Curly Wil-

### Pilotless Plane Shot Down in Sea

SYDNEY, Australia — A pilotless runway plane terrorized the heavily populated seaside resorts north of Sydney for two hours and 45 minutes today before an Australian navy pilot shot it down 6 1/2 miles at sea.

The runaway, a single engine four passenger Auster similar to U. S. Air Force spotter planes, took off from Bankstown Airport 20 miles south of Sydney when its pilot stepped out to start the engine by swinging the propeller.

liamson and the Circle R trio, Helen Asbel at the organ and there will be variety acts.

There will be a string band contest from 4 to 6 p. m. with \$15 for first, \$10 for second and \$5 for third places.

At 6 p. m. C. C. Porter will perform his feats of magic.

From 7 to 9 p. m. there will be another program of music with Lucky LeRoy the master of ceremonies. Featured will be George Landis and His Rhythm Ramblers and Honey Mathews, girl singer.

The committee in charge of the program is composed of Charles Grace, John Jones, Richard Beam and Elbert Norris. The program is made possible through contributions of both employees and employers.

## 23,000 Gate at Du Quoin Fair

DU QUOIN, Ill. — Du Quoin State Fair belonged to the kids today as the annual observance of Children's Day opened the gates to them without charge.

And on the midway the happy youngsters found rides and other attractions at reduced prices for their special day.

Elsewhere on the fair grounds, livestock judging continued as more pedigreed animals paraded before the judges. Grand Circuit harness racing again presented colts and fillies that will be the trotting and pacing stars of Wednesday.

The first full day of the fair Monday drew 22,973 persons thru the gates to bring total attendance so far to 62,384. Showers in the evening delayed the opening performance of "Stagearama 1955," for a short time but the show went on as did the first night program of the Society Horse Show.

## Illinois OKs Pay Raise For UMW

CHICAGO (UP) — Coal producers have agreed to a \$2 a day pay hike for Illinois members of the United Mine Workers.

The Illinois Coal Operators Assn. Monday accepted the agreement recently negotiated by UMW President John L. Lewis with eastern bituminous coal operators.

It provides for a \$1.20 a day increase on Sept. 1 with an extra 80 cents starting next April 1. The Illinois agreement was to be signed in Washington today.

The ICOA has 19 members who operate 34 mines employing 7,800 men. It was reported the pay increase will hike the price of coal from 25 to 40 cents a ton.

## Thunderstorms Across State Ease Drought

SPRINGFIELD — Heavy thunderstorms across the state have helped ease the late summer drought in central Illinois, the Weather Bureau reported today.

The weather station here said the thunderstorms, which began moving across the state from west to east Monday, produced "good rains" from as far north as Rockford to extreme southern Illinois. The average was about 1 1/2 inches.

High winds were reported in some areas. At Jacksonville at least two persons were injured and there was damage to homes, cars and trees.

Morgan County Sheriff Jack Andrews said many homes and automobiles were damaged by falling tree limbs. Tree limb damage and fallen utility lines were reported in many other areas.

The weather station here reported 3.96 inches of rain at Quincy, 2.60 inches at Peoria, and 1.90 inches at Springfield. An extremely heavy 4 1/2 inches was reported at Pittsfield, further west.

## French Seek to Curb Trouble in Tense Morocco

**Cabinet Accepts Resignation of General Grandval**

PARIS (UP) — Premier Edgar Faure clamped a "state of urgency" on all Algeria today to ward off any more trouble there while trying to pacify tense Morocco.

The state of urgency previously applied only to the rebel-ridden mountain areas but today's official journal published a decree extending the emergency to all of Algeria while Faure works out final details of his delicate Moroccan plan.

The fate of the premier's peace plan for Morocco hinged on the approval of former Sultan Sidi Mohammed Ben Youssef, who was kicked out of Morocco two years ago by the French.

**Mission to Madagascar**  
Moroccan Nationalists, who have sparked the bitter and bloody revolt against French rule and against French-appointed Sultan Sidi Mohammed Ben Moulay Arafat announced they will send a mission to Madagascar to ask the former national leader if he approves Faure's "new deal" for Morocco.

The Nationalists who have charged that the removal of Ben Youssef of France was illegal, said they will agree to the new compromise proposal only if the ex-monarch approves.

Faure won cabinet approval of the broad lines of his Moroccan plan but many points of detail remained unsettled and the crisis remained. It appeared the cabinet had given in only to forestall the downfall of the government itself.

The cabinet accepted secretly the resignation of Resident General Gilbert Grandval but there was no public announcement for fear one would touch off a wave of rioting throughout Morocco.

**Sultan to Leave**  
The cabinet also agreed reluctantly that Sultan Mohammed Ben Moulay Arafat must leave the Cherifien Throne of Morocco, but it could not agree on details and the actual ouster of the sultan awaited further conferences.

Under the state of urgency French security forces can shut down newspapers and radio stations, clamp sudden curfew on dangerous areas, curfew of entire regions and break up meetings involving two or more persons.

Details of the bitter arguments of the cabinet meeting here became public only today. The meeting was so heated that Faure threatened several times to resign—a drastic move that would cripple France at this time of crisis.

## Benton Pedestrian Killed, Driver Held

BENTON, Ill. (UP) — A coroner's jury recommended Monday that the driver of a car that struck and killed a Benton man be bound over for action by a grand jury.

The Franklin county coroner's jury verdict said Samuel Hayes, 64, died as a result of being struck by a car driven at high speed. The driver of the car was Franklin Drysdale, 22, Christopher.

Hayes was killed instantly when the car hit him as he crossed a street in Buckner early Sunday morning. State's Atty. Joseph Hickman said the car carried Hayes' body more than 150 feet past the point of impact.

## Most Wanted Criminal In Chicago a Woman

CHICAGO (UP) — Police here have issued a "wanted" list, patterned after the FBI's "most wanted 10." The top name on Chicago's first list is a woman, Margaret O'Connor, about 35, wanted in connection with 100 armed robberies.

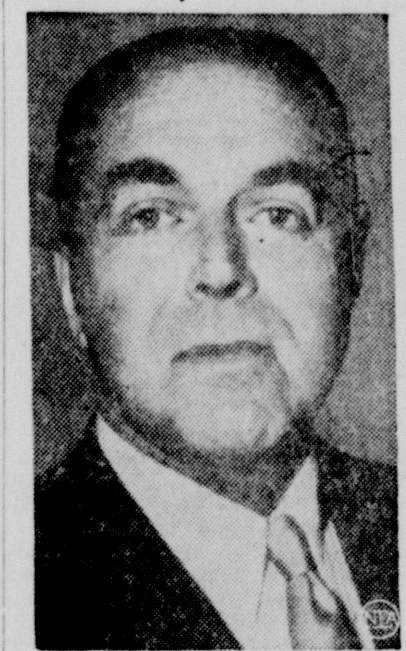

## Practice What You Preach Theory Forced On Chicago Policeman by Motorist

CHICAGO (UP) — An unidentified motorist took a horrible revenge on the Chicago police department today.

Early this month, the motorist was given a ticket for not having a city vehicle license sticker on his car.

The motorist brooded for a while and then took a stroll past the Chicago Lawn police station. In a letter to Police Commissioner Timothy O'Connor, the motorist reported:

### One Out, One to Go

GILBERT GRANDVAL (above), governor general of Morocco, has quit his post in the current crisis and the French cabinet has agreed reluctantly that Sultan Mohammed Ben Moulay Arafat (below) must leave the throne.

## Truman Hits Administration Tax Program

**Charges Trying to Shift Burden to Individual Payer**

MACKINAC ISLAND, Mich. (UP) — Former President Truman accused the Eisenhower administration Monday night of secretly trying to shift the burden of taxes from big business to the individual.

The former President, speaking at a "strategy" conference of 600 Michigan Democrats, said the administration was working under cover for a national sales tax which he indicated would replace other taxes paid privately by big business.

The former President said he was able to balance the budget twice while he was in office but his methods varied from current Republican attempts to do the same.

"I got two tax raises to balance the budget and then went out and licked the Republicans in a general election," he said. "The Republican idea of balancing the budget is to cut the income of government so the rich will have to pay fewer taxes."

He also accused the administration of using "stealth and secrecy in trying to undermine TVA," and of "corruption, misconduct and misuse of power" to promote the interests of "big business and the privileged few."

## Rites Wednesday for J. B. McKinney

Funeral services for J. B. McKinney, Eldorado resident who died at his home yesterday at 10 a. m., will be held Wednesday at 2 p. m. at the Eldorado Church of God. The pastor, Rev. G. C. Spencer, assisted by Rev. Earl Vaughn will officiate, and burial will be in the Durham cemetery at Hamburg. The body lies in state at the family home. The Bean and Tanner funeral home is in charge.

## Dulles Reveals Pleas Sent to Both Countries

**Indicates Russia Offering Military Equipment to Arabs**

WASHINGTON (UP) — Secretary of State John Foster Dulles disclosed today that the United States has appealed to Egypt and Israel to stop fighting in the Gaza frontier area.

He told a news conference that the appeal against using force to settle the border dispute was made in capitals of both countries within the last 48 hours.

Dulles also said, in response to questions, that there are indications, with some signs of reliability, that Russia is offering to provide military equipment to Arab countries.

But he stressed that the United States has no official information to support these reports and that there is no evidence that Russian equipment is now in Arab hands.

Dulles said bluntly that any Soviet move to introduce military equipment in the troubled area certainly would not contribute to the relaxing of tensions pledged by Moscow at the recent Geneva summit conference.

Dulles said the efforts of American diplomacy at present are being directed toward stopping the fighting between Egypt and Israel in the Gaza area. There have been bloody clashes on the disputed frontier strip for the last six days.

To underline his statement that the immediate U. S. interest is to stop the fighting the secretary flatly refused to elaborate on his offer of U. S. guarantees to Israel and its Arab neighbors against aggression by either side once agreement on a permanent border.

Dulles said the dramatic offer, made in a New York speech Friday, amounted to definite policy statements which were being studied by the governments directly concerned.

The next move on that front, he said, would develop when the reaction is in from Israel and its Arab neighbors.

On other international questions, Dulles had this to say:

**North Africa:** The United States has held informal talks with France to explain American concern over the bloody fighting between French troops and Moroccan nationalists. The secretary expressed hope that developments between now and the Sept. 20 United Nations General Assembly meeting will make it unnecessary to have the U. N. study the crisis in North Africa.

**Korea:** The truce inspection teams, composed of Swiss, Swedish and Communist members, should either be dissolved or their responsibility confined to receiving reports on activities in the demilitarized zone. He did not believe roving inspection teams any longer serve a useful purpose.

**Red China:** There is not much encouraging news about the American-Red Chinese talks at Geneva on getting 41 American civilians freed. Each day little minor points come up in the talks. But he is confident some result eventually will be achieved, and believes each day brings American hopes nearer to realization.

**Nixon Trip:** Vice President Richard M. Nixon has no intention of including Russia in his forthcoming trip to the Middle East and Africa.

**Geneva Summit Conference:** The important thing to remember about the recent Big Four meeting at Geneva is that it was never looked upon by the Eisenhower administration as an end, but only as a beginning toward easing East-West tensions. The first test of Soviet sincerity is under way now in the United Nations disarmament talks. The next test will be the Oct. 27 meeting of the Big Four foreign ministers in Geneva.

## St. Louis Statler Cashier Robbed of \$800

ST. LOUIS (UP) — In less than two minutes Monday night a bandit robbed a Statler Hotel cashier of \$800. The woman cashier said the robber, armed with a chrome-plated revolver, ordered her to turn over the cash or be shot.

## The WASHINGTON MERRY-GO-ROUND by DREW PEARSON

TOM McNAMARA Says:  
Celler And Scott Rib Secretary  
Weeks; Alice In Wonderland  
Gets Into Act; Rejection Of  
"Peace Ship" Bill Vexes Ike;  
President Thinks Ike Will  
Make Ship.

(Editors Note — While Drew  
Pearson is on a brief vacation his  
usual column will be written by  
members of his staff.)

WASHINGTON. — House hear-  
ings on WOC's (Businessmen serv-  
ing the government without com-  
pensation) became slightly hilari-  
ous as Chairman Manny Celler of  
New York endeavored to decode a  
letter from Commerce Secretary  
Sinclair Weeks, in which Weeks  
was coy about testifying.

Weeks, who has a large number  
of WOC's in his department, was  
willing to appear "later," if the  
House committee let him choose  
the time. Rep. Celler shook his  
head perplexedly, said the letter  
reminded him of the Alice in Won-  
derland story in which Alice asked  
the white queen for jam, but was  
told: "Jam yesterday, jam tomor-  
row, but never jam today."

"So the secretary probably  
would appear yesterday and prob-  
ably tomorrow, but never appear  
today," opined Celler, amid titters  
from spectators.

Sensing an appreciative audience,  
GOP Rep. Hugh Scott of Pennsyl-  
vania got into the act with a story  
about a man on his way to be  
hanged. The road to the gallows  
was muddy, causing concern that  
the execution might be delayed,  
but the doomed man told his es-  
corts:

"Now, you fellows don't need to  
get in a tizzy about this here road.  
There ain't going to be a hanging  
till I get there."

Democratic Rep. Peter Rodino of  
New Jersey brought the hearing  
back to the business at hand, de-  
manding to know whether Secre-  
tary Weeks was or was not going  
to be a witness.

"I don't know," groaned Celler.  
"If you can glean from what the  
secretary says that he will or will  
not appear, you are a better man  
than I am."

Still in a narrative mood, the  
New Yorkers added:

"Years ago I got a wire from a  
very irate constituent who said,  
"I want to know forthwith whether  
you are for or against the draft."  
I wire back, "I certainly am." I  
guess the secretary is in a similar  
position, but I still don't know  
where he stands."

This reminded Pennsylvania's  
Scott of another one:

"It is like the member of Con-  
gress who was talking for quite a  
while and someone asked, 'what is  
he talking about?' Another fellow  
replied, 'he didn't say.'"

That is how congressional hear-  
ings sometimes go. After the side  
excursions into the fields of Alice  
in Wonderland, capital punish-  
ment, selective service and con-  
gressional oratory, Chairman Cel-  
ler redirected the committee to an  
investigation of the operations of  
WOC's.

#### IKE-GO-ROUND

President Eisenhower may call a  
special session out of Congress in  
October to reconsider his stranded  
super-highway bill, but advisers  
say the President's biggest dis-  
appointment was congressional re-  
jection of his atomic "peace  
ship" bill. He bitterly complained  
to GOP Senate-House leaders, who  
were unable to put over the legisla-  
tion: "I can understand how Con-  
gress might oppose the highway  
program or the public housing bill  
(which passed), because they were  
controversial in a sense. But  
there was nothing controversial, or  
shouldn't be, about this effort to  
promote better understanding and  
world peace by sending an atomic-  
powered, good-will ship to foreign  
ports. That's my responsibility as  
President." Despite Ike's sin-  
cerity, Democrats feel that the  
atomic peace ship might have  
played a part in the 1956 presiden-  
tial campaign. Democratic chiefs  
also are suspicious that some of  
Ike's politically minded White  
House aides are more interested  
in promoting votes for GOP candi-  
dates in the next election than they  
are in the peace potentials of the  
proposed atomic vessel. . . . Ike's  
rebuttal to this is that Russia may  
beat us to the punch by launching  
an atom-powered "peace" ship of  
its own.

#### ROY PAYS OFF

The man who wrote the getting-  
away music for Congress—the res-  
olution of adjournment—is a polit-  
ical neutral who isn't even a mem-  
ber of Congress. He is assistant  
parliamentarian William T. "Bill"  
Roy, a staff official of the House  
of Representatives for more than  
30 years.

Despite the key role he plays in  
adjourning the federal legislature,  
however, Roy confesses that he  
once lost a \$10 wager on when Con-  
gress would quit.

"A fellow bet me ten bucks that  
I couldn't guess the date we would  
adjourn," recalls Roy. "I took  
him up as a joke, never intending  
to keep his money. You see, the  
speaker had told me the adjourn-  
ment date and I had already writ-  
ten it into the resolution."

"However, as it turned out, I  
had to go through with the bet  
after all. The Senate crossed me  
up by putting a new adjournment  
date in the resolution the House  
passed. I couldn't tell the other  
fellow then that it was all a joke."

#### TEXAS INFERIORITY COMPLEX

Whimsical Rep. Clarke Thomp-  
son of Texas, whose long fight to  
get relief for Texas City explosion  
survivors was rewarded this year,  
delights in showing visitors an en-  
larged cartoon on his office wall  
depicting a dejected individual tel-  
ling a psychiatrist: "I'm from  
Texas and I'm ashamed of it."

Proudest decoration in the of-  
fice of Rep. Louis Rabaut of Michi-  
gan is an inscription of the poem,  
"I'm the daddy of a nun." Rabaut  
has three daughters who are nuns,  
plus a priest son. Just about the  
jackpot in a Catholic family.

When a Washington newsman asked  
George Allen, Washington's  
famed "court jester," how he  
managed to win the confidence of  
three presidents — Roosevelt, Tru-  
man and Ike, that's a real testi-  
monial to the Mississippian's wit.

Reverend Bernard Braskamp,  
popular chaplain of the House,  
composes those beautiful invoca-  
tions he delivers at the start of  
House sessions in a rocking chair  
the night before. Off the floor,  
the chaplain is one of the most en-  
tertaining raconteurs in Congress.  
A favorite Braskamp story is  
about Socrates, the Greek philo-  
sopher, being driven outdoors by  
the voluble nagging of his wife,  
Xanthippe. The latter raced up-  
stairs, leaned out a window and  
poured a bucket of water down on  
Socrates. Looking up with a re-  
signed air, the dripping philoso-  
pher commented: "So much thun-  
der must needs produce a show-  
er."

#### Red Romania to Cut Armed Forces 40,000

VIENNA, Austria — Commu-

#### Army Transport Turns Back to Remove Iowan Whose Mother Killed

NEW YORK —The Army or-  
dered a Europe-bound transport  
to return 60 miles to New York  
harbor Monday night so an Iowa  
soldier could be taken off and  
flown home for his mother's fu-  
neral.

The transport General Buckner  
was three hours out of New York  
when the Brooklyn Army base re-  
ceived a telegram saying the mo-  
ther of Pvt. Roger A. Greiner,  
20, of Correctionville, Iowa, had  
been killed in an automobile acci-  
dent.

#### Gloria to Spell For \$32,000 Says Her Neighbor

BALTIMORE — Twelve-year-  
old Gloria Lockerman, who has  
spelled her way to \$16,000 on a  
television quiz program, will go  
for the \$32,000 question tonight,  
a friend of the family said.

The friend is Mrs. L. D. Heaven-  
er, who lives on a farm adjoining  
the family home of Gloria's grand-  
parents, the Rev. and Mrs. Vivian  
T. Keys, at Gap Mills, W. Va.  
Gloria and her grandparents spent  
the week-end at Gap Mills, return-  
ing to Baltimore Monday.

Mrs. Heavener said Mrs. Keys  
told her it definitely was decided  
that Gloria should try to double  
her winnings on the program. The  
girl has lived with her grandpar-  
ents since her parents were di-  
vorced several years ago.

#### Rains Stop Flareups Of Whiting Evacuees With National Guard

WHITING, Ind. —Long-await-  
ed rains today cooled off flareups  
between National Guardsmen and  
residents anxious to return to  
homes they evacuated in the mam-  
moth fire at the Standard Oil Co.  
refinery.

A steady downpour, which began  
Monday night, ended what threat-  
ened to be a serious situation when  
many of 800 homeless persons de-  
manded that the guardsmen let  
them re-enter their houses in the  
inner "danger" area.

The Guardsmen had orders to  
blockade the innermost points of  
a two-square-mile area until sew-  
ers were cleared of gasoline fumes  
and there was no further danger  
of the flames spreading.

The rain apparently assured the  
protesting evacuees that these de-  
velopments would take place soon-  
er than expected and they ceased  
their arguments, officials said.

### Marilou Harding Bride of Leonard Witt of LeMars, Iowa, Here Sunday

(Photo by Jim Stricklin)

Miss Marilou Harding, daughter of Mr. and Mrs. C. M. Harding of Harrisburg RFD 2, became the bride of Leonard E. Witt, son of R. J. Witt, RFD 2, LeMars, Iowa, in a simple and impressive ceremony which took place Sunday, August 28, at 2 p. m. at the First Methodist church. Rev. W. L. Cummins officiated at the double ring service.

The bride, escorted to the altar and given in marriage by her father, chose a gown of white nylon marquisette fashioned with a white nylon overskirt and lace bodice. Her shoulder length veil was of white illusion, and she carried a bouquet of white fuchsia and blue button chrysanthemums.

Lizabeth L. Shell, Waukegan, close friend of the bride, was matron of honor, wearing a frock of peach taffeta with matching stole and carrying rosebuds.

C. M. Harding Jr., brother of the bride, was best man, and John Richard Small served as usher.

Mrs. Harold Parker presided at the organ, accompanying Verner Joyner who sang "For You Alone" preceding the ceremony, and Mrs. James Bolen who sang "The Lord's Prayer" as a benediction. Mrs. Harding chose for her

daughter's wedding a dress of deep rose silk shantung with a white orchid shoulder corsage.

The bride is a graduate of the Harrisburg Township high school with the class of 1947 and was formerly bookkeeper at the Wiley Motor Co. The bridegroom has his Bachelor of Arts degree and is working on his Masters degree as vocational building trades teacher.

The newly-wedded couple left immediately following the ceremony and are now at home at LeMars, Ia.

### Picnic Supper Held At Elmer McCormack Home

Mr. and Mrs. Elmer McCormack, 621 West Robinson, entertained Saturday night with a picnic supper on the back lawn where the table was surrounded by beds of beautiful summer flowers.

## In Memoriam

In loving memory of Jimmie Blaine Reeder, who departed this life one year ago today.

Eighteen years ago my wife and I were given a son from God on high.

Almost seventeen years from the date of his birth,

Was all the time God gave him to live on this earth.

He inherited The Kingdom, his work here was done,

He was called up to heaven through the blood of God's own Son.

When we meet him up there, then we'll understand,

Why Jimmie was taken from our loving hands.

We thank you dear father, for a God which is true,

And we will be with Jimmie singing praises to you.

Sadly missed by father, mother, and brother, Mr. and Mrs. James C. Reeder and Charles Wayne. \*54-1

## Varsity Squad Small But It Has Good Boys

Bull Dogs Lacking Depth at End, Must Develop a Quarterback

A small varsity squad which is not entirely lacking in talent greeted Head Coach Lawrence Caluffetti for the first Bull Dog football practice sessions of the season yesterday.

Caluffetti is holding two sessions a day until school starts Thursday in an effort to whip his charges into shape. Then they will drop to after-school practices only.

A total of 81 boys was out yesterday for the pigskin sport but more were in the freshman-sophomore group than in the varsity. It looked like Caluffetti had about 30 boys on his varsity squad—11 backfield candidates and 17 or 18 linemen.

Caluffetti so far has taken charge of the backfield men with Gene Bland and Ben Chamness working with the boys in the line. When things get lined out Chamness will take over the Bull Pup squad and Bland will assist Caluffetti with the varsity. The coaching staff has one less than last year and other previous seasons.

Gone are such key boys as Charles Polk and Gary Trammel in the backfield, Jim Durham and Jack Dale at guards, Fred Kinnaman at tackle and Ed Seright at end, who helped greatly in Harrisburg finishing in second place in the South Seven conference.

But back are such experienced lads as Tony Beal at fullback, Fred McKenzie and Jack Wright at halfback, Ron Williams at center, Jim Williams and Joe Dorris at ends, Richard Hess and Jay Waite at guards, Ken Price and Everett Evans at tackles and Wayman Hefner.

Caluffetti will try to make a first-string quarterback out of Hefner, a husky senior who was No. 2 fullback last year.

Too, there are other promising boys like Lindell Stacy, Ronnie Vick and Lou Williams at guards, Colin Eddy at center, Ronnie Reynolds and Dickie Druce at tackles, John Ziegler, Jim Cummins, Jack Foster, Phillip Morse, Trevor Whiteside, Bob Shewmake and Mike Hays in the backfield, and some other line candidates who have had lesser experience, such as Marvin Harlow and Melvin Hicks at ends, and Dale Martin, Bob Moore, Harold Guard and Molinarolo.

Right now Caluffetti's biggest deficits are an overall lack of depth in the line, plus specific lack of depth at ends and the fact that he must develop a quarterback.

First game will be against Murphysboro here Sept. 16.

## Cincinnati Has Post, Too, Although Big Ted Usually Considered the Big Gun

By FRED DOWN  
United Press Sports Writer

Ted Kluszewski's admittedly the "big poison" of the Cincinnati Redlegs' lineup but Wally Post just as certainly rates the title of "little poison."

In fact, the 26-year-old outfielder from St. Wendelin, Ohio, has been out-homering Kluszewski for the last month and may wind up beating out his more publicized teammate in several important departments. Post boosted his home run total to 34 when he blasted two off Robin Roberts Monday night to give the Redlegs a 4-3 victory over the Philadelphia Phillies.

Post is leading Kluszewski in runs scored, 100-97, doubles, 28-22, triples, 3-0, and is within range of the 235-pound first baseman in four departments: hits, 164-167, runs batted in, 88-99, total bases, 300-312, and batting average, .313 to .317. Ted leads in homers, 41-31, and should beat out Wally, barring a serious September slump.

Roberts Blows Lead

The Phillies, striving desperately to finish second for the best showing since their pennant-winning 1950 campaign, presented Roberts with an early 3-0 lead but he yielded four homers in all to suffer a 10th loss. He was gunning for his sixth straight win and 22nd of the season.

Smoky Burgess and Post broke Robin's shutout spell with back-to-back homers in the sixth inning and pinch-hitter Hobie Landtrier tied the score at 3-3 with his fourth homer of the year in the eighth. That set the stage for Post's game-winning wallop in the ninth.

A total of 13 homers were hit by the National League's sluggers Monday.

The Brooklyn Dodgers blasted out three homers in routing the

St. Louis Cardinals, 10-4, while the Chicago Cubs hit four round-trippers in beating the New York Giants, 6-3. Pittsburgh and Milwaukee were idle.

39 For Snider

Roy Campanella hit his 30th homer, Duke Snider, No. 39 and Carl Furillo No. 23 to lead Brooklyn's nine-hit attack and pave the way for southpaw Johnny Podres to even his record at 9-9.

Harry Chiti hit two homers and Gene Baker and Dee Fondy one each as the Cubs bombarded four Giant pitchers for 14 hits. Warren Hacker went the route for his 11th win while Jim Hearn suffered his 13th loss compared to 14 victories.

In the American League, the four contenders were idle and the Baltimore Orioles made the most of the all but empty stage by sweeping a doubleheader from the Detroit Tigers, 6-0 and 4-3. Erv Palica pitched a five-hitter for his fifth win in the opener and Ray Moore picked up his seventh victory in relief in the nightcap.

## Eldorado Drops 7-6 Contest

The Eldorado Merchants were host to the Evansville College All-Stars Sunday afternoon with the visitors taking the decision, 7-6.

A ninth-inning rally by Eldorado fell one short of a tie when the runner representing the knotting run was cut down at the plate on a fine throw from the outfield.

In the last of the ninth and Eldorado trailing by three, the bases were loaded and two out when Dorris came to the plate and lined out a long double to right field, scoring the runners from third and second, but the runner trying to come around from first was out at the plate on a throw from Wallace, the right fielder, to Ferguson, the catcher.

The Merchants had one run in the third, one in the fifth, three in the seventh and one in the eighth, for a total of seven runs on eight hits and Eldorado made four errors.

Eldorado was paced at the plate by Dorris with two doubles and a single and Gates with two singles and a double. Pulliam had a double and Bessey and Gideumb each hit a single to round out the hitting attack.

Ferguson, with three hits, led Evansville at the bat. "Big Jim" Nichols, who last week hurled a no-hitter, was on the mound for the winners and Ferguson was his receiver. Eldorado used Irvin and Pulliam on the mound with Fouquay the catcher.

Eldorado will play at Morris City either Sunday or Monday, the date to be determined later this week and practice sessions for this afternoon and Friday at 5:30 p. m. are scheduled.

## Looking At Sports

By BILL MELTON

Whitey Roviore of Buckner, who played his high school football at Christopher high school, is being boomed for all-American honors in preseason publicity released by the University of Miami, Fla.

Although Harrisburg fans may not remember Roviore as Christopher wasn't on Harrisburg's grid schedules, Eldorado followers will remember him well as a hard-running, elusive ball carrier that gave the Eagle defensive players lots of headaches.

Roviore will be a senior this year and great things are predicted for him. Among the quotes in a release from the U. of Miami are the following:

Andy Gustafson, who was backfield coach at Army a few years ago, said "There's not a better back in the country today. I don't know a better man for single platoon football than Roviore. He's the same great competitor that Glen Davis was at Army. He's equally as great on defense, a better blocker and a harder runner than Glen. He comes through in the clutch. He's totally fearless."

Bobby Dodd of Georgia Tech said "Whitey Roviore at right half for Miami is one of the best all around backs in the business."

Last season he topped the nation in pass interceptions, nabbing seven. One was against Florida, enabling Miami to give Florida its lone shutout of the year and another came in the Miami end zone in the final minute of play to save the Baylor game for Miami 19-13.

The release also states Roviore is a better than average student, is a senior senator on the U. of Miami student body and earned a baseball letter as a sophomore.

Sounds like the southern Illinois product is doing more than alright down south.

He will get a chance to show his wares to some of the better football clubs in the nation as Miami's schedule lists Georgia Tech, Florida State U., Notre Dame, Texas Christian, Pittsburgh, Boston College, Bucknell, U. of Alabama and U. of Florida.

The Crab Orchard Sportsmen's Association announces its first fall meeting for Thursday, Sept. 1, 7:30 p. m. at the club house on Wolf Creek Road. A feature of the meeting will be the showing of the film "Honkers in Illinois," a recently completed movie by the Illinois Department of Conservation with many scenes taken in southern Illinois. Many major activities of the coming season and nomination of officers for the new year are listed on Thursday's program.

It was just 50 years ago on August 30 that Ty Cobb made his debut in the majors, with Detroit. His first hit, according to The Sporting News, was a double. By the time he left the game, he had made 4,191 hits.

An interesting item from The Sporting News: One horse can provide about four dozen baseball covers.

Owner Clark Griffith of the Senators has seen many presidents come and go. He says President Eisenhower is the first to keep professional score since Warren G. Harding. Incidentally, says The Sporting News, ex-President Truman sees more games in Kansas City than he did in Washington.

## Eisenhower More Concerned with U. N. Disarmament Talks than with Truman

DENVER — President Eisenhower appeared more concerned over United Nations disarmament talks in New York today than "give-em-hell" attacks on his person by former President Truman.

The President kept in close contact with the U. N. subcommittee session in New York. He voiced hopes Monday that the big power disarmament talks could produce practical results toward "an easing of tensions and the heavy burden of armament."

"I sincerely trust that the subcommittee meeting will be marked by the same spirit of frankness and cooperation which typified the meeting at Geneva," Mr. Eisenhower said.

If so, the Chief Executive said, "I am sure that the disarmament subcommittee work in the end can produce practical results that should lead to an easing of tensions and the heavy burden of armament."

## Two Runs Made By Fire Department

Two runs were made by the Harrisburg fire department Monday afternoon, Chief L. G. Martin reports.

At 2 p. m. a call was received from the home of David Tate, 300 North McKinley, where a kerosene stove had exploded. Damage was confined to the stove and the kitchen.

A run was made at 4 p. m. to Velma's Beauty Shop, 15 East McKinley, where it was reported there was a leak in a gas line. There was no damage.

ST. PAUL, Minn. — Officials said today they believed a "black market" in babies in the state has been stamped out. The U. S. attorney's office said the "black market" had existed chiefly between Duluth and Chicago.

## Give Dates, Regulations For Shooting Waterfowl

WASHINGTON (UP)—Secretary of Interior Douglas McKay Monday approved hunting dates and regulations for the shooting of migratory waterfowl during the 1955-56 season as selected by state game departments.

The states were permitted to choose specific dates within a framework of Oct. 1 to Jan. 15, as recommended by the Fish and Wildlife Service, and based on the number of days allotted to each flyway.

In the Atlantic and Mississippi flyways, all states will have a season of 70 consecutive days. Central flyway states will have a straight 75-day season. In the Pacific flyway, all states except California selected a straight 80-day season.

The federal regulations include season dates and bag and possession limits for wild ducks, geese, coots, brant, and jacksnipe by flyways, as well as the seasons for hunting rails and gallinules in Alabama, Michigan, New Mexico, and Wisconsin.

For rails and gallinules, the season will extend from Oct. 1 to Nov. 29 in Michigan and Wisconsin.

Open seasons and bag and possession limits include:

**Mississippi Flyway**  
Daily bag limit for ducks, 4; geese, 5; coots, 10; Wilson's snipe, 8. Possession limit for ducks, 8; geese, 5; coots, 10; snipe eight. Daily bag and possession limits may include one wood duck and one hooded Merganser. American and red-breasted Mergansers are to be included in the daily bag and possession limits on other ducks.

The limit on geese may not include more than two Canada geese or its subspecies; two white-fronted geese; or one Canada goose or its subspecies, and one white-fronted goose.

Seasons for ducks, geese, coots: Illinois, Oct. 15-Dec. 23; Indiana, Oct. 22-Dec. 30; Iowa, Oct. 8-Dec. 16; Kentucky, Nov. 7-Jan. 15; Michigan, Oct. 1-Dec. 9; Minnesota, Oct. 8-Dec. 16; Missouri, Oct. 28-Jan. 5; Wisconsin, Oct. 1-Dec. 9.

Except for part of Ohio, the shooting hours for waterfowl and coots in Mississippi flyway states are one-half hour before sunrise to one-half hour before sunset and for snipe one-half hour before sunrise to sunset.

Seasons for Wilson's snipe (jack-snipe): Illinois, Oct. 25-Nov. 3; Indiana, Oct. 15-Oct. 29; Iowa, Oct. 8-Oct. 22; Kentucky, Nov. 19-Dec. 3; Michigan, Oct. 1-Oct. 15; Minnesota, Oct. 8-Oct. 22; Missouri, Oct. 28-Nov. 11; Ohio, Oct. 18-Nov. 1; Wisconsin, Oct. 1-Oct. 15.

### The New Teachers

New teachers for the year include:

Don B. Chamness, who will teach history, assist in football and basketball. Mr. Chamness is a graduate of Murray State College, where he was co-captain of the college football team.

Mrs. Stella Harris, a graduate of Southern Illinois University, a member of the home economics faculty.

William E. Harris of SIU will teach auto mechanics.

Mrs. Dolores Liensch, a graduate of SIU, will teach English and manage the Keystone, high school yearbook.

Mrs. Edith Arensman, who has both the bachelor and master's degrees from Washington University, St. Louis, and who has had graduate work at the University of California, will teach girls' physical education. Mrs. Arensman is a former teacher at H. T. H. S., having been a member of the faculty a number of years ago.

Cleon Bennett, a graduate of Murray State College, will teach English and dramatics.

Mrs. Mary E. Beggs, a graduate of Southern Illinois University, will teach mathematics.

Phillip Cain, who has both bachelor's and master's degrees from SIU, as well as additional work at the University of Colorado, will teach commerce.
